

Premium aluminium products from resource-saving production

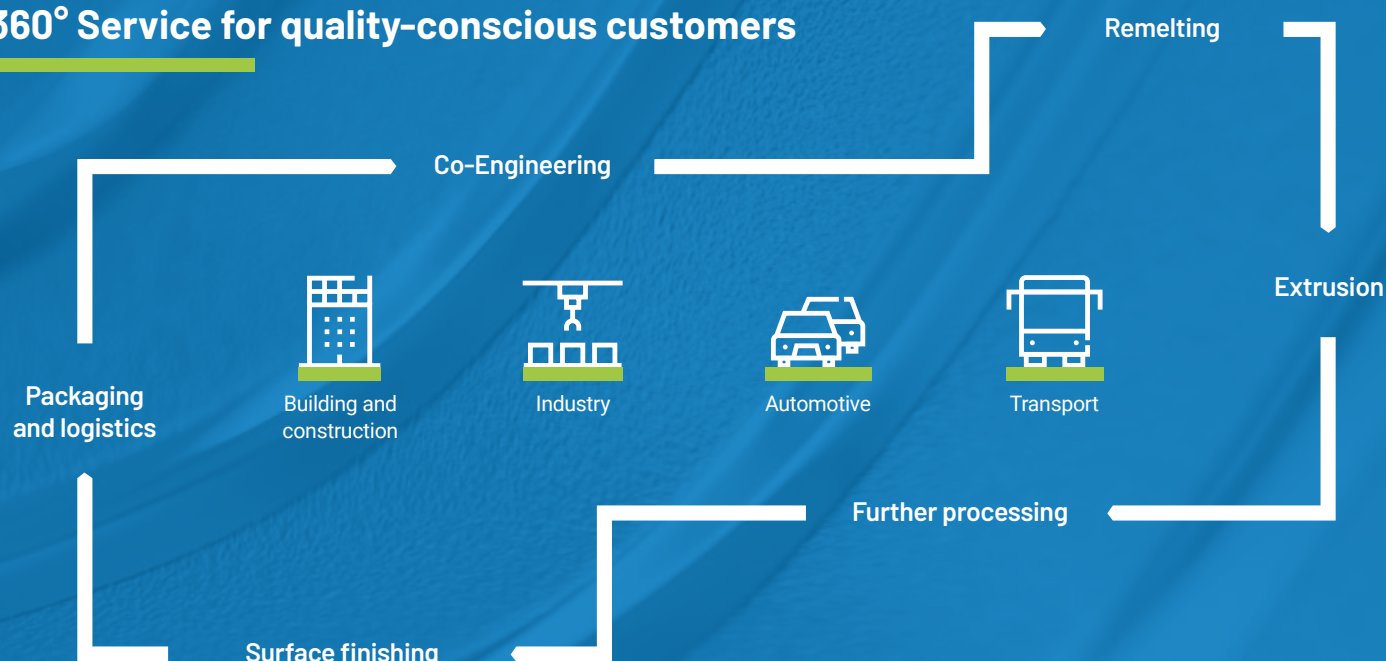

apt - shaping the future with aluminium.

apt is one of the leading companies in the European aluminium industry. We produce, process, and supply aluminium profiles and products for the construction, transport, automotive, and industrial sectors. We cover the entire aluminium processing value chain - from development, recycling and extrusion, mechanical processing, and surface finishing to assembly and logistics.

360° Service for quality-conscious customers

Our commitment to sustainability

apt Agenda 2044

Orientation in line with the EU Green Deal 2050 and the goals of the UN Agenda 2030.

Recycling

In our remelting plant, we recycle 18,000 t of aluminium scrap p.a.

<4t CO₂ / t Al

Purchase of primary material primarily from recycling production. Use of green electricity in production.
