

Premium aluminum products from resource-saving production

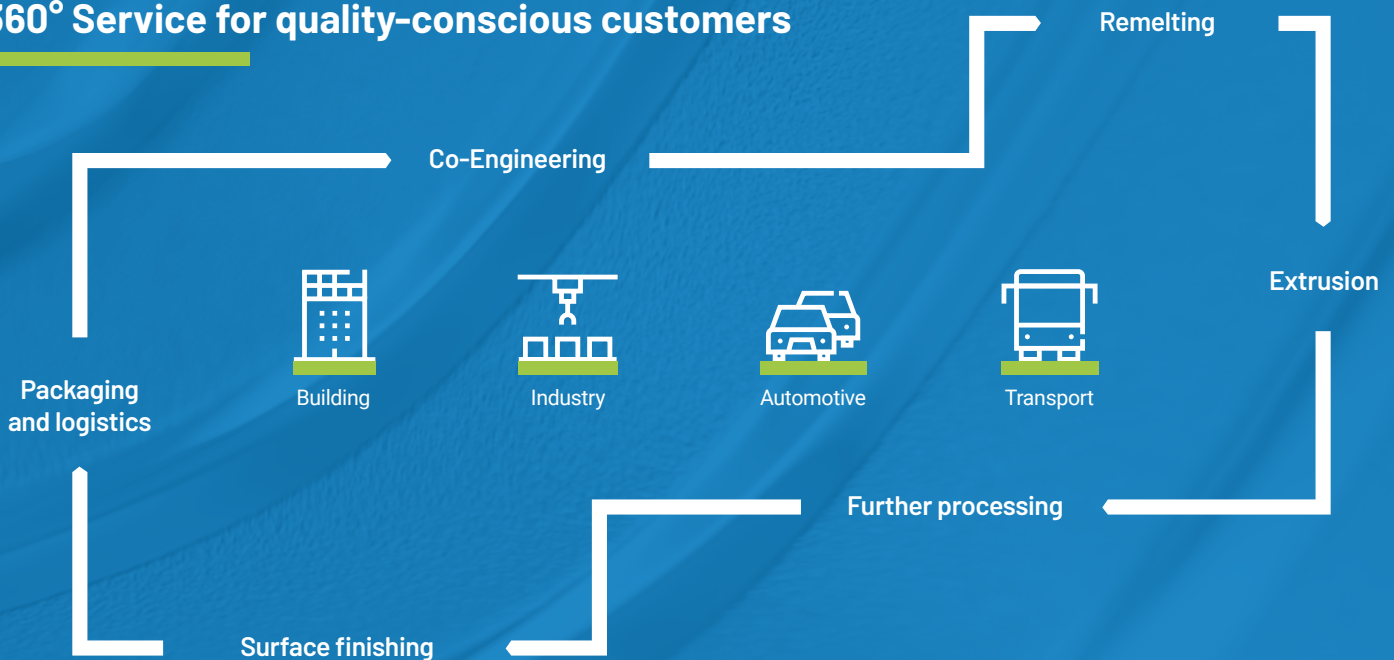

apt - your partner for more than aluminium.

apt is one of the leading companies in the European aluminum industry. We produce, process, and supply aluminum profiles and products for the construction, transport, automotive, and industrial sectors. We cover the entire aluminum processing value chain - from development, recycling and extrusion, mechanical processing, and surface finishing to assembly and logistics.

Facts and Figures

Group Turnover ≈ 300 million €	Employees in Europe ≈ 1.000	Production capacity for aluminum profiles p. a. 80.000 t	Production capacity from in-house mechanical processing p. a. 20.000 t
Surface treatment Anodizing p. a. 7 Mio. m²	Surface treatment Powder coating p. a. 1 Mio. m²	Monheim (DE), Eckental (DE), Roermond (NL), Cheb (CZ) 4 production sites	Used raw material ≤ 4t CO₂/tAl

360° Service for quality-conscious customers

Our commitment to sustainability

apt Agenda 2044

Orientation in line with the EU Green Deal 2050 and the goals of the UN Agenda 2030.

Recycling

In our remelting plant, we recycle 18,000 t of aluminium scrap per year.

<4t CO₂ / t Al

Purchase of primary material primarily from recycling production. Use of green electricity in production.

Engagement

Membership of:

- Aluminum Stewardship Initiative (ASI)
- EcoVadis
- Circular Valley
- European Aluminum
