

EcoVerde Aluminium

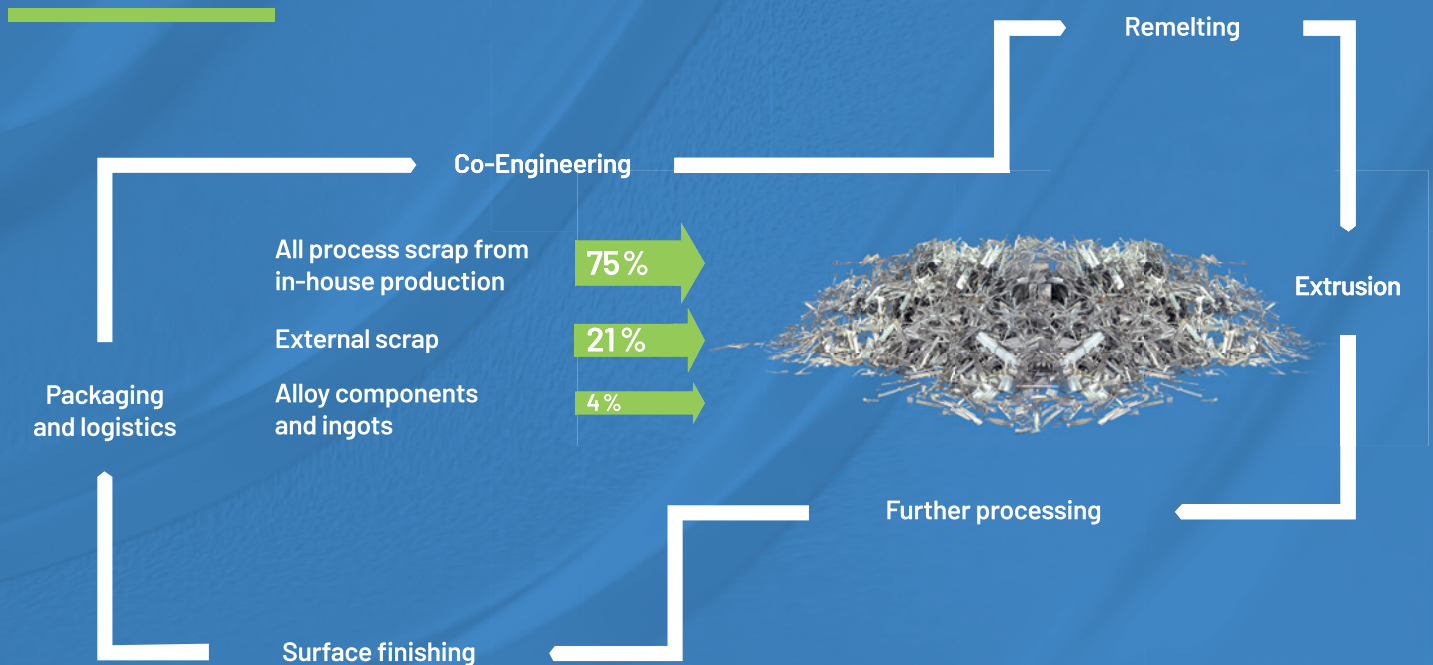

Our product is silver - our roadmap is green.

With apt EcoVerde aluminium, we offer sustainable aluminium that significantly supports our customers' journeys to a sustainable supply chain. That makes aluminium processing more sustainable.

Facts and figures

Type of construction Horizontal, continuous casting process	Location casting plant Monheim production plant	Production capacity p.a. 18,000 t	Oven capacity p.a. 10 t
Alloys EN AW-6060 EN AW-6063	Billet diameter Ø 140 mm Ø 152 mm Ø 215 mm	Lengths up to 7,000 mm	Raw material used 0.655 t CO₂ / t Al

apt EcoVerde Aluminium

Environmental footprint

Recycling of all self-produced aluminum scrap 100 %	CO ₂ / kg Al (2023) Total apt Group 3.86 t CO₂ / t Al	CO ₂ / kg Al target in 2044 Total apt Group 0 t CO₂ / t Al
